EXPERIENCE

Technical Consultant, **Quibbl**, Manhattan, New York   July 2018 - September 2018
- Developed prototype for "alpha" version of Quibbl website using ReactJS framework
- Programmed backend servers for saving and processing Quibbl user data in NodeJS framework using Amazon Web Services

Summer Intern, **Marsh & McLennan Companies**, Hoboken, New Jersey   July 2017 - August 2017
- Reviewed and edited Excel Spreadsheets containing budgets for different teams at Marsh & McLennan
- Constructed Python scripts and Excel macros to simplify expense report analysis and accrual/reversal tracking, reducing time costs from hours to minutes

Fellow, **ESA LOFT Innovation**, Washington D.C.   November 2016
- Awarded ESA LOFT Innovation Fellowship for development of WeClean, an app platform that helps users keep track of trash in their neighborhoods and contribute to the creation of effective local anti-pollution legislation
- Presented WeClean to White House staff members and members of Congress

Student, **All Star Code (Goldman Sachs)**, Manhattan, New York   June 2016 - August 2016
- Attended 6-week summer program at Goldman Sachs and acquired experience in programming and finance from professionals
- Worked with analysts at Goldman Sachs to develop a final technical presentation project

Event Organizer, **The Young Hackers**, Manhattan, New York   August 2016 - June 2018
- Organized "hackathon" coding events for NYC's minority youth (average of 150 students/event)
- Maintained organization's public website

Freelance Developer, Dobbs Ferry, New York   March 2016 - February 2018
- Maintained websites, provided technical support and SEO services for local businesses.

LEADERSHIP
- *Founder and Speaker*, TEDxTheMastersSchool   September 2016 - June 2018
- *Student Body President*, The Masters School   May 2017 - June 2018
